

FARGO® C50 Card Printer Value System - FLEX

Cost-effectively print your own high-quality cards and IDs.

Introducing HID Global's FARGO® C50 Card Printer Value System - FLEX, the ideal choice for businesses, schools and government agencies seeking a solution to print their own employee ID, loyalty, payment or membership cards. With three affordable options from which to choose, the FLEX system provides the ultimate in flexibility. Whether you're looking for just a printer, ribbon and cards, or need a more complete solution with software allowing you to design, capture and print your IDs, HID® offers a package that gives you all the necessary elements required to begin issuing cards in minutes.

Affordable package options jump-starts card production.

With three distinct packages, the C50 Card Printer Value System - FLEX provides a variety of choices at cost-effective prices. By packaging all the elements needed to print cards, purchasing decisions and the ordering process are simplified through the use of a single part number for each package. Additionally, all package components have been tested and are field-proven to work seamlessly together to ensure an optimal user experience.

Easy card personalization.

The C50 Card Printer System - FLEX offers one option featuring a card printer that easily integrates into any card personalization software on the market today, using either a Windows®, MAC or Linux print driver or with the FARGO Software Development Kit (SDK). Or choose one of two other packages that include Asure ID® card personalization software for capturing someone's identity, designing cards and printing them. You have the flexibility to purchase a package with either the basic Asure ID Solo software or the more advanced Asure ID Express edition.

Outstanding reliability keeps you up and running.

Experience outstanding performance and unrivaled quality from HID Global®, the leading brand in secure card issuance. The C50 Card Printer Value System - FLEX combines proven elements to deliver a reliable solution for printing cards anytime, anywhere. The package options include:

- An easy, all-in-one printer ribbon and card cleaning cartridge to simplify the ribbon loading process.
- Edge-to-edge printing in full-color or monochrome.
- An intuitive, user interface design, providing instant, system status updates with color-changing buttons.
- Solo or Express editions of Asure ID card personalization software for creating and issuing cards.
- Swift ID™ badge application to help create ID badges in seconds without having to install any additional software.
- FARGO Workbench™ printer maintenance and diagnostic software for added printer reliability.
- Expert online and phone support from ordering to installation and daily use.
